Subject: CALL FOR PAPERS: CRECCC INVITATION

Dear Delegates:

The Working Group on Climate Change 2012 conference on Clean and Renewable Energy Conference and Climate Change (CRECCC) will be held on 28th August - 1st September 2012 at Eastland London Garden Hotel, London. It will include international keynote presentations, case study presentations, technical updates and panel discussions. We welcome papers from industry professionals on a broad range of issues for consideration by the All-Energy experts. If you are a technical expert in an area of clean and renewable energy or manage investments within the industry, we would like to hear from you.

Conference sessions:

Papers should be relevant to any of the subjects below:

Finance & investment relating to clean and renewable energy, and energy efficiency.
Carbon pricing and emissions trading.
Feed in Tariffs and subsidies.
Future developments in clean and renewable energy systems, including nuclear fusion.
Clean coal and carbon capture & storage.
Utility scale solar PV and thermal installations.
Geothermal energy - exploration and implementation.
Future developments in wind energy systems. Energy, Environment and Sustainable Development, Climate Change policy, Climate Change and the Oceans, Greenhouse Gases Mitigation Technologies, Energy security Policy, Economics and Planning, Pollutant Emission Control and Abatement, Extreme Events and Impacts Assessment, Agricultural and Forestry Resources Management, Water Resources Management.
Storage of power generated by renewable energy systems.
Fuel cells and other hydrogen-based fuel systems.
The role of clean and renewable energy, and energy efficiency in commercial, industrial and domestic environments.
Biofuels, bioenergy and low carbon waste to energy systems.
The use of clean and renewable energy in portable and backup power systems.
The military use of clean and renewable energy.
Grid and transmission systems.
Smart Grid and distributed energy systems, including issues relating to standards, demand management, security and the development, use and operation of smart appliances. Low carbon transportation systems (road, air, maritime, plus mobile industrial machinery) including issues relating to associated power storage and charging systems. Issues relating to the supply chain of key materials relevant to clean and renewable energy systems.
Clean and renewable energy as a tool for economic development. Social and community issues associated with the adoption of clean and renewable energy.

Submission guidelines:

Your paper should contribute to the advancement of knowledge relating to the above themes. Abstracts should not exceed 350 words (excluding presentation title) and indicate the preferred area for consideration.

You should also include a summary CV, which features:

- Name
- Job title
- Place of work
- Full contact details

Papers should be sent as a Word Document or PDF to Dr. David Jackson, Conference chair at crecccabstracts@yahoo.co.uk no later than 25th July 2012. Delegates wishing to be considered for the best paper award should clearly stipulate same upon registration.

Working Group on Climate Change had involved numerous donors to make it possible to offer access grants to as many participants as possible from developing countries to enable them to participate in the Clean

and Renewable Energy Conference (CRECCC'12). However, the limited support can only be offered to any delegate or group of delegates who have submitted one or more abstracts to the scientific program and sent a motivation letter requesting such financial support to the CRECCC'12 Local Organizing Committee. Such support will cover free registration, air tickets, travel insurance, visa fees and per diem.

We will endeavor to advise authors of the status of their application no later than 05th August 2012. Owing to the high number of papers we expect to receive, we cannot guarantee that all papers will be accepted for presentation, but we wish you every success.

Sincerely,

Dr. (Mrs.) SUSAN JOHNSON
CRECCC'12, SECRETARY
234 WALWORTH ROAD, LONDON
GREATER LONDON, SE17 1JD
